legal and binding document. Please INITIAL after reading each point.

______ The monthly BASC payment is due at the first of every month along with the monthly
tuition payment and is calculated on the estimated number of hours required.

______ By enrolling in a pre-paid plan, I am securing care for the estimated number of hours whether
I use all of the pre-paid hours each month. I understand that it is my responsibility to estimate my plan
as closely as possible to actual hours needed.

______ Actual calculated time spent in BASC is used to assess enrollment in the appropriate pre-paid
program as well as bill accounts when time used exceeds pre-payment, but is not used to provide
credits for unused minutes.

______ All adjustments to BASC plans must be submitted to the office in writing and may only be
made at the time of the tuition payment. Adjustments will be subject to a prorated amount and a
$10 administration fee.
